

Introduction to the course

What is the course about?
What are the goals of the course?
What are the topics to be covered?

What are the prerequisites?
What are the learning objectives?

What are the assessment methods?
What are the contact details?

What are the course materials?
What are the course resources?

What are the course dates?
What are the course fees?

What are the course outcomes?
What are the course credits?

What are the course contacts?
What are the course advisors?

What are the course notes?
What are the course slides?

What are the course exercises?
What are the course projects?

What are the course assignments?
What are the course exams?

What are the course questions?
What are the course answers?

What are the course problems?
What are the course solutions?

What are the course challenges?
What are the course solutions?

What are the course puzzles?
What are the course solutions?

What are the course riddles?
What are the course solutions?

What are the course mysteries?
What are the course solutions?
